

How do you launch  
the “Technology-  
Enhanced”  
Assessments?

# The Opening Screen

Start by clicking on the “Technology-Enhanced” Assessments icon

# Reviewing the "Instant Results"

Make your choice of "Technology-Enhanced Assessments from the list

The screenshot shows a web page with a header that says "What's the Problem?" and a navigation bar. The main content area is titled "Technology-Enhanced Assessments" and includes instructions on how to review and launch assessments. A red bracket on the left side of the page highlights the list of subjects and grades.

## Selecting a "Technology Enhanced" Assessment – 3 Options

You have 3 main options.

**"View It"** – review the questions on the exam

**"Try It"** – take the exam from the student's POV

**"Launch It"** – have your students take the exam online.

## Launching a "Technology Enhanced Assessment" - Launch It

Clicking on "Launch It" will launch your selected exam so your students can take the exam online.

## *Launching a "Technology Enhanced Assessment" - Launch It*

For your students to take this exam (and others you have launched), please have them go to:

<http://elm.gotomyexam.com>

If you'd like to send your students a link to go directly to this exam, please use:

<http://elm.gotomyexam.com/go/126941>

You will have the choice of sending a link for a specific exam or a link that lists of all of your available exams.
