

How do we “launch”
the Extended
Response questions
for the students?

Once you click on a subject area...

Under Teacher Resources, click on "Student Questions"

Click to launch the questions for students...

At the top of the page, click "Launch as an Online Assessment"

Finishing the "launch"...

Audience:	Students
	<input checked="" type="checkbox"/> Prompt for user's name
Sharing:	Share with District and School Administrators ▾
Launched Exam Name:	Emergency System - Math (3rd Gr

Launch

Within seconds, you will be taken to a page where you can complete the launch

Accessing the online questions

For your students to take this exam (and others you have launched), please have them go to:

<http://elm.gotomyexam.com>

If you'd like to send your students a link to go directly to this exam, please use:

<http://elm.gotomyexam.com/go/126941>

You will have the choice of sending a link for a specific exam or a link that lists of all of your available exams.
