What is the student experience when taking the “Technology-Enhanced” Assessments?
If students go to the school link...

They will choose the teacher and the exam from the drop down menus.

Exam
3rd Grade - Math - Measurement & Data (MD)

Sign in
If a student goes to the direct link for the exam...

The student is asked to enter his or her name, and then the exam can begin!
After the student signs into the exam of choice, the exam begins. They will be presented with an assortment of question-types (this one is a drag-drop)
Navigation is easy!

The student can access all of the questions by either clicking "next" or any of the "numbered questions" to 'skip' ahead.
Student Experience - “Bells and Whistles”

The flag next to each question number, can be “clicked” to remind a student to come back to answer it later.

When a question is not answered or is “flagged”, the question will be highlighted as the test is taken.
On the last question, the student will click "Finish" if he or she is complete.

Student Experience - Review and Submitting the Exam
Prior to submitting the exam, the student will be presented the “Exam Review” screen.
The “Exam View” screen will show the students their score, and walk them through what was answered correctly and incorrectly.
